LIBRARY REPORT

Volumes in Library, Jan. 31, 1938		3,307
Books withdrawn	87	
Lost books paid for	2	89
		3,218
Books purchased		236
Gift books		6
Complimentary copies		4
Volumes in library, Jan. 31, 1939		3,464

Income from the Martha French Fund established in 1937 was first available this year for the purchase of new books, and memorial bookplates similar to those used in other libraries have been placed in each of these books.

The first bookmobile to travel in New Hampshire was launched at Conway on April 25, 1938, and began operating in Carroll County. From its supply of 500 books, our library may borrow about 20 books at a time exchanging them as desired each six or eight weeks. The truck and books were purchased by New Hampshire Public Library Commission which also maintains a library in Concord for state-wide use.

To meet specific requests, we have borrowed 44 books from the State Library and 61 books from the N. H. Public Library Commission, besides 100 books from the bookmobile.

The circulation of books and magazines as compared to the previous year is:

	1937	1938
Adult—fiction	1,530	1,594
Adult—non-fiction	316	349
Children's books—fiction and non-fiction	967	1,462
Magazines	238	238
Total	3,051	3,643

The Trustees took a more active interest by all six of them becoming members of the N. H. Library Association, making them the only Library Board in Carroll County to have 100 percent membership in the Association.

The Librarian attended the annual meeting of the N. H. Library Association which was held on the University campus at Durham, August 31 to September 3.

On September 15, the Librarian and one of the Trustees attended the Neighborhood Library Meeting held in Center Sandwich. In the morning there was a roll call discussion on the "Most difficult book to put into circulation," a report of the N. H. L. A. meeting at Durham by Mrs. Mayford Emery, second-vice president of the Association, a talk by Miss Margaret Grant, Executive Secretary of the N. H. Public Library Commission, a short business meeting and a question box. In the afternoon, Miss Catherine Pratt told us about her work with the bookmobile, "The Traveling Library in Carroll County;" Miss Elizabeth Brewster, librarian of the Brewster Free Library and the Wolfeboro Town Library, spoke on; "Some books old and new;" and Cornelius Weygandt, well-known author, spoke on the subject "Poets off Parade." Your librarian was re-

elected Chairman of District No. 3 for the year 1939—this district covers Carroll County except Wakefield.

The Moultonboro Library is cooperating with Miss Thelma Brackett, State Librarian, in her state-wide project of compiling a Union List of Books in New Hampshire Libraries. This will be a list, in catalog form, of all the adult non-fiction books in all libraries in the state and will help in locating books for inter-library loan. As it will be a gigantic task to get all this data, the list is being worked forward first starting with the books required since September, 1938.

Whatever the book you want to read, do not hestitate to ask for it at the library. Buying all we can, we borrow others as they are available. We hope you will take advantage of the free use of books in your library during 1939.

REPORT OF MOULTONBORO FIRE DEPARTMENT

During the year ending December 31, 1938, the fire company has responded to 22 calls, involving fires with an estimated damage of $25,510. Of these, sixteen were chimney fires, four were grass and forest fires, and two were houses and other buildings.

The most serious fire was the Richardson fire which occurred August 25th and at which four of our firemen were injured, two very seriously, besides several others who were assisting. The doctors' and hospital bills of all these men were paid in full by the company. The proceeds of our annual ball, amounting to over $200 was used toward this purpose.

(Note:—I take this opportunity to announce that hereafter the fire department will not be responsible for any injury to non-members at a fire, unless they have been asked to assist by the commanding officer.)

The department has 52 members in good standing, all of whom have paid dues to the New Hampshire State Firemen's Association. This Association gave a donation of $350 to compensate the injured firemen for time lost from work.

In addition to the protection afforded by their membership in the State Firemen's Association, the members of the company should be covered by accident insurance, and we hope that the town will grant us this protection.

As chief of the department, I wish to thank the members, and also the taxpayers of Moultonboro, for their interest and cooperation.

Respectfully submitted,

JOHN RANDALL, Chief

On the afternoon of September 21, 1938, the Great Hurricane swept New England. It struck with the devastating force of an invading army, and with a volocity greater than any storm in this section for more than a hundred years.

The Town of Moultonboro lay mid-way in its destructive path. After it had passed the town took account of the damage done. Besides the losses which no money can replace—friendly old trees and treasured landmarks—there was found to be about nine million feet of timber down, and, according to the State Highway Department's estimate, ten thousand dollar's damage done to Class V town highways alone. Many roofs were blown off or crushed in by falling trees.

Promptly on the heels of this disaster Moultonboro organized for reconstruction. Federal and State agencies have cooperated with local officials and townspeople in their unprecedented task.

One serious danger only lies ahead—**FIRE.** Freedom from this menace, like all freedom in a democracy, depends upon the eternal vigilance and cooperation of every citizen.

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Moultonboro, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 14th day of March 1939, at 11 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officer or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.

9. To see if the district will vote to remodel or construct one or more school buildings, and raise or borrow money for the same; the purpose of the action being to relieve or improve the unsatisfactory conditions at the Greene's Corner School.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Moultonboro this 23rd day of February, 1939.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Moultonboro:

This, my second annual report as your superintendent, deals briefly with the following topics:

(a) Statistics of our schools
(b) Present enrollment
(c) Our school buildings
(d) Safety education

TABLE OF ATTENDANCE STATISTICS

For School Year Ending June 30, 1938

School and Teacher	No. half-days school in session	Total enrollment	Number pupils (average membership)	Percent of Atten.	No. tardinesses per pupil	No. not absent or tardy entire year
Corner, Grammar Room (Everand Young)	364.	17	13.00	97.07	1.4	2
Corner, Primary Room (Gertrude Bartlett)	364.	13	9.66	94.72	0.3	1
Ambrose (Helen Weeks)	360.	28	24.51	93.81	1.2	3
Greene's Corner (Margaret Carter)	360.	23	16.69	94.00	3.3	0
Middle Neck (Dorcas Moulson)	364.	10	9.13	92.00	0	0
All Moultonboro (total or average)	362.4	91	72.99	94.32	1.2	6
State of N. H. (average)	353.4			94.7	0.9	

PRESENT SCHOOL ENROLLMENT

The crowded condition at the Ambrose School made it necessary to transfer the 7th and 8th grade pupils from that neighborhood to the two-room school at Moultonboro Corner. This makes the present enrollment of our schools as follows:

Corner School, Grammar Room (Everand Young)	19
Corner School, Primary Room (Mrs. Gertrude Bartlett)	13
Ambrose School (Mrs. Helen Weeks)	17
Greene's Corner School (Carroll P. Abbott)	15
Middle Neck School (Jeanette Jordan)	13

OUR SCHOOL BUILDINGS

The building at Greene's Corner is very difficult to heat properly in cold or windy weather. The storm windows, recently added, should help to improve this condition. However, the building, if it continues to be used as a school, needs extensive repairs; and the writer hestitates to suggest laying out much money for this purpose on a building which seems to be so old and in such poor condition. There are at least four possibilities in the solution of this problem as follows:

1 The building might be repaired or remodeled and use as at present.

2 There might be a two-room school erected in that locality, to house Moultonboro children who are now transported to the Center Harbor School, as well as those who are already enrolled at Greene's Corner.

3 A bus might be employed to carry all who now ride to Center Harbor with Elmer Horne, also those who attend at Greene's Corner, taking the entire load to Moultonboro Corner. This might make necessary an

additional room—a three-room graded school instead of two rooms as at present; but it would save some of the tuition costs now paid to Center Harbor.

4 The fifteen pupils at Greene's Corner could be transported to Moultonboro Corner; these could be accommodated without adding an extra room to the building.

Concerning this important matter, I would suggest that a special committee be appointed to act with the school board in studying the matter, to secure estimates of cost of the various plans suggested, and to bring in recommendations at an adjourned meeting of the district. A special article in the warrant provides an opportunity for action on this matter.

SAFETY EDUCATION

Accidents on the highways with so much automobile traffic have called our attention to the dangers which children encounter on their way to school. Statistics have proved that home is also a dangerous place, as many accidents occur there. A program of study for safety education has been planned for the State of New Hampshire, and recently issued by the State Board in the form of a bulletin. This helps the teachers to plan systematic instruction in this important subject, and to develop habits of caution and care at all times. It is a very valuable addition to our curriculum.

ACKNOWLEDGEMENTS

Parents and neighbors have generously contributed and assisted with special programs at various schools, as well as helping to support the project of hot lunches for pupils where most needed. This fine spirit of cooperation, so characteristic of New England towns, is much appreciated. Let us continue to work together for the good of our boys and girls.

Respectfully submitted,

ALMON W. BUSHNELL, Superintendent

REPORT OF SCHOOL NURSE

1937-1938

The following report summarizes in part the work covered by the school nurse. A detailed report of every activity would occupy too much space.

The medical examination was made by Dr. Lovering and included those Moultonboro children who attend Center Harbor Primary and Grammar School.

Visits to school	102
Visits to homes	113
Transported to dentist	45
Transported to doctor	1
Transported to Laconia clinic	1

A special effort was made to have needed dental work done for all children. Dr. Pottle permitted his dental hygienist to come to Moultonboro and conduct a prophylactic clinic, thus reducing by fifty percent the transportation problem. All children who required only prophylactic treatment received it. All other pupils were treated at the dentist's office. Almost a hundred percent correction of dental defects was achieved.

It is hoped that greater interest in the systematic oral examination may have been promoted by this plan.

Thanks are due all those whose kind interest has made possible the success of the school health program.

EVA NELSON, R. N., School Nurse

GRAVE FOREST SITUATION FOLLOWS SEPTEMBER HURRICANE

Woodland problems of timber salvage and fire control created by the September hurricane are of the greatest importance. GOOD CITIZENSHIP CALLS FOR PERSONAL AND WIDESPREAD ACTION!

Forest fire danger for several years will be greater than usual. So much work must be done by public agenies to reduce hazard along roadsides, near improved and other exposed areas that many places will remain hazardous for some time to come. INDIVIDUAL LANDOWNERS MUST TAKE A PERSONAL INTEREST!

Support your local Forest Fire Wardens and Deputies. They are planning, with State and Federal agencies, an intensive campaign to control fires. Help them by strict observance of the fire laws. Kindle no open fires without a permit from the Warden except when the ground is covered with snow. Cooperate by reporting fires you may see and in other ways. YOU CAN HELP, AND IT WILL PAY, TO PREVENT FOREST FIRES!
